How we work out your premium

Your insurance premium is based on the likelihood of a claim being made on your policy in the future. There are a number of factors we take into account when determining your premium. We calculate your premium by combining the:

- ▶ Pricing factors
- ▶ Loyalty Discount
- ▶ Choice of excess, and
- ▶ Government charges.

Pricing factors

The premium you pay for your insurance reflects the likelihood of you making a claim together with the potential value of any claim. So, if you have a lower chance of making a claim then you will generally pay a lower premium compared to someone who has a higher chance of making a claim.

Our experience shows there are a number of factors that are a good indicator of the possibility of a claim being made. We call these pricing factors.

The following table describes the pricing factors we may take into account to determine your premium.

Pricing factors	VVC Vehicle Insurance
Your vehicle	✓
The amount your vehicle is insured for as shown on your Certificate of Insurance	✓
The age and gender of owners and drivers of your vehicle	✓
The address where your vehicle is kept	✓
Where your vehicle is usually parked overnight	✓
The way you use your vehicle, for example, private or business use	✓
How frequently you use your vehicle	✓
The type of registration on your vehicle	✓

Loyalty Discount

Your Loyalty Discount is based on how long you have had a relationship with us and how many eligible policies you have. The longer you maintain your continuous relationship with us and the more policies you hold, the higher the discount you could receive. This discount is determined for each individual customer and applied across all your eligible policies.

The way in which your Loyalty Discount is applied to your premium is set out in the 'How we calculate your premium' section of this guide on page 3.

Refer to the following Loyalty Discount table to see what discount you will be entitled to.

Years of Relationship	Policy Count					
	1	2	3-4	5-7	8-9	10+
25+	12.5%	15%	17.5%	20%	22.5%	25%

3-4	5%	7.5%	10%	12.5%	15%	17.5%
0-2	0%	5%	7.5%	10%	12.5%	15%

If you have held a continuous relationship with us for 25+ years, your Loyalty Discount will not decrease, even if you reduce the number of eligible policies you hold with us.

To receive a Loyalty Discount, the eligible policies must:

- ▶ be current, and
- ▶ have at least one common insured named on each policy.

On existing policies, the discount applies from the date of the next renewal after you qualify.

On renewal, your Certificate of Insurance will show a list of what policies contributed to your Loyalty Discount.

Excess

An excess is an amount you pay when you lodge a claim. The amount and types of excess payable are shown on your current Certificate of Insurance. You may have to pay more than one type of excess depending on your circumstances.

There are three types of excess:

- ▶ Basic
- ▶ Age
- ▶ Special.

Basic excess

If you make any type of claim you must pay the basic excess. The basic excess for Western Australia is \$300.

In some circumstances, factors such as:

- ▶ the value of the vehicle you are insuring, and
- ▶ the age of the drivers of your vehicle

will result in a higher basic excess amount than shown above.

In these circumstances you will not be able to choose any other basic excess amount.

Your basic excess amount will be shown on your current Certificate of Insurance.

Changing your basic excess

You may be able to change the basic excess on your policy.

You reduce your premium if you choose a higher basic excess. You increase your premium if you choose a lower or \$0 basic excess.

Basic Excess	\$0	\$300	\$500	\$750	\$1,000	\$1,500	\$2,000
--------------	-----	-------	-------	-------	---------	---------	---------

Age excess

This excess is paid in addition to any basic excess and applies to:

- ▶ any driver under 25 years of age.

but does not apply to:

- ▶ a learner driver who was accompanied by a fully licensed driver aged 25 years of age or more.

The following explains what age excess may apply at the time of claim:

If the driver of your vehicle is under 25 and you have not named an under 25 year old driver on your policy, the age excess is \$1,600.

If you named an under 25 year old as a driver on your policy, the age excess is \$300.

Special excess

We may decide to apply a special excess to an individual owner or driver, or in relation to a specific incident, by taking into account:

- ▶ the type of vehicle
- ▶ any owner or driver incidents or claims history
- ▶ if you or any driver has had a license cancelled or suspended.

The amount of the special excess will be shown on your current Certificate of Insurance and is generally double your basic excess.

A special excess is payable in addition to your basic or age excess.

You cannot pay an additional premium to remove a special excess.

When an excess does not apply

There are a number of instances in which you will not be required to pay an excess when we pay your claim:

If you make a claim for	Then you will NOT have to pay an
Theft or attempted theft	Age excess
Windscreen, sunroof or window glass damage only	Age or special excess

<ul style="list-style-type: none"> ▶ you can provide the name and residential address of a person(s) we agree is at fault ▶ the amount of the claim is more than any basic excess

How we calculate your premium

Step 1

First, we combine the pricing factors.

Step 2

If you have chosen a higher basic excess to reduce your premium this is then applied. If you have chosen to lower or remove your basic excess we will add the additional premium.

Step 3

We then work out any Loyalty Discount that you may be eligible for and apply that to the amount from Step 2.

Step 4

To the amount in Step 3, we add applicable government charges to work out the premium you need to pay.
